

Gandesola Rosado

Tasting note

A clean and bright wine with intense red colours. On the nose fresh tones of red fruit (strawberry, redcurrant) with on the background floral. On the palate fruity, soft and flavourful.

Serving temperature

Recommended serving temperature between 7 - 9°C.

Gastronomy

This wine goes perfectly with pasta, rice dishes, fish and starters.

Vinification

The grapes are handpicked from 75 years old vines at the beginning of September. Fermented in stainless steel tanks at a controlled temperature of 15C for 19 days. No added sugars and sulphites.

Surrounding area

The highlands of Terra Alta are located in the extreme south, bordering the region of Valencia and Aragon and is the highest DO-area of Catalonia. For centuries wine is being produced in this area. The area is about 350 meters above sea level and is denominated by the Mediterranean climate with little rainfall and a constant presence of wind. Cold winters and extremely high temperatures in the summer are exceptional for the production and preparation of these exceptional wines.
